

PEARL Course Registration Adjustment Results

Results are given in alphabetical order of course name

1. Course Registration Guidelines

- **Read and follow the guidelines indicated next to the course names. Make sure to also read the notes given separately for some of the courses. Below are some guideline examples.**
- **Students who wish to register for additional courses must attend the course they would like to add after the course registration results are announced on April 21 (Fri). Registration for additional courses must be done during the prescribed period for adding and amending courses.**

Course registration approved for all students (Additional registration possible).

All students who registered for this course during the online course registration period may take the course. Students may also add this course during the period for adding and amending courses. (Lotteries are not held for course registration for additional courses.)

Course registration approved for all students. Obtain approval at the Department of ○○ to add this course. Registrations will be approved on a first-come-first-served basis.

(Applies to art, music, and psychology subjects)

All students who registered for this course during the online course registration period may take the course. Students may also add this course during the period for adding and amending courses. However, students who wish to add this course must obtain prior approval at the relevant office (Department of Art, Department of Music, and Department of Psychology) in the Eighth Building. Additional registration for this course will close when the class reaches capacity. Make sure to check announcements made by the relevant office.

Course registration approved for all students. Obtain approval at the Faculty of ○○ Section at the Hiyoshi Office of Student Services to add this course. Registrations will be approved on a first-come-first-served basis.

All students who registered for this course during the online course registration period may take the course. Students may also add this course during the period for adding and amending courses. However, students who wish to add this course must obtain prior approval at the section in charge of each faculty in the Hiyoshi Office of Student Services (make sure to come during office hours). Additional registration for this course will close when the class reaches capacity.

Course registration approved for all students. Attend the first class after April 21 (Fri) and obtain approval by the faculty member in charge if you wish to add this course.

All students who registered for this course during the online course registration period may take the course. Students may also add this course during the period for adding and amending courses. However, students who wish to add this course must attend the first class after April 21 (Fri) and obtain prior approval from the faculty member in charge. Additional registration for this course will close when the class reaches capacity.

Course registration approved for all students. Students wishing to add this course must attend the first class after April 21 (Fri) and follow the instructions of the faculty member in charge, etc.

All students who registered for this course during the online course registration period may take the course. Students may also add this course during the period for adding and amending courses. However, students who wish to add this course must attend the first class after April 21 (Fri) and follow the instructions of the faculty member in charge. A lottery may be held or registrations will be approved on a first-come-first-served basis as there is a limit to the number of students who may add this course.

*** * * For the cases below, additional registration is not possible * * ***

Course registration approved for all students. Additional registration NOT possible.

All students who registered for this course during the online course registration period may take the course. However, this course may not be added during the period for adding and amending courses.

Course registration approved for students whose student ID number ends in the following digits. Additional registration NOT possible.

Adjustment had to be made for this course as there were too many applicants. Among students who registered for this course during the online course registration period, only the students whose student ID number ends with the digits indicated in the table may take this course. This course may not be added during the period for adding and amending courses.

Students approved for the course have already been announced. Additional registration NOT possible.

The results have already been announced on the bulletin boards, etc. This course may not be added during the period for adding and amending courses.

2. Physical Education Courses (Hiyoshi Campus)

Please check the information on the bulletin board for physical education courses at Hiyoshi (in front of room J11), 1F of the Sports Building, the common bulletin board at Mita (West School Building), or online. To add Physical Activity A, Physical Activity B, or Seminar on Physical Education courses, students must ① pre-register these courses on keio.jp (accepted on a first-come-first-served basis) and ② add courses during the period for adding and amending courses. The Lecture on Physical Education course does not require step ①. For more information, including information on the registration period, check the Course Registration Guide for your faculty or the Institute of Physical Education website at <http://ipe.hc.keio.ac.jp/> (Japanese language only).

2017 Spring Semester PEARL Course Registration Adjustment Results

(Results are given in alphabetical order of course name)
